Tender text	Touch-free disinfection dispenser for build-in solutions. Capacity: 500 ml. Net weight: 0,95 kg. H: 210 mm x L: 111 mm x D: 101 mm	Touch-free disinfection dispenser for build-in solutions. Capacity: 0.13 gal. Net weight: 2.09 lbs. H: 8.26" x W: 4.37" x D: 3.97"

Application

Hygienic and durable automatic dispenser that is suited for all types of commercial restrooms. Specially developed for public toilets where there is a need for a built-in solution. The dispenser is virtually maintenance-free and can withstand frequent and often rough use.

Dispensing occurs when a hand is placed under the dispensing nozzle – dispensing only happens once per activation.

References

Customised solution designed for use behind mirrors or in cabinets. Suitable for offices and administration, shopping centers, restaurants, hotels, airports, sports facilities and swimming pools, schools, public institutions, and cultural centers.

Compliance

Installation

Wall mounting – behind mirror or in cabinet.

Details

Automatic activation distance 100 ± 20 mm. User-friendly LED light indicates when the dispenser is in operation.
