Application

The Stainless Design product line combines hygiene and durability with classic elegance to suit any commercial bathroom. The products are designed specifically for use in public toilets where low-maintenance is called for, and equipment must be able to withstand rough treatment.

References

Offices and administration, shopping malls, restaurants, hotels, airports, train stations, sports facilities and public swimming pools, schools, public institutions and cultural centres.

Standard colour

Brushed stainless steel
 Also available in all RAL colours.

Installation

Wall mounting.

Function

When one roll is empty, the next one automatically falls in place. Access to the internals of the dispenser is only possible with a special key fitting all products of the Stainless Design series.
